

Insertion at beginning

Saturday, August 8, 2020 11:41 PM

Algorithm

```

insertbegin(start , avail
,item)
if avail=null
    print "overflow"
    exit
end if
save<-avail
avail<-link->avail
if start =null
    start<-save
    data->start<-item
    link->start<-null
    exit
end if
ptr<-start
start<-save
data->start<-item
link->start<-ptr
end
  
```
